

Closet Inventory Form

Hanging Items:

A garment's hanging length is the distance from the top of the hanger to the bottom of the garment. Example: 60" of long dress hang equals 5' of total hanging rod space or approximately 40 dresses.

MEASURING TIP: Add the total number of inches each type of clothing takes horizontally on a hanging rod. If you count the garments individually, allow for 1.5" of space per garment.

	Hers (# of inches)	His (# of inches)
Standard Hang 0-42" shirts, vests, blouses, separates	_____	_____
Medium Hang 50-54" longer skirts, pants, coats	_____	_____
